

# THE CHAISE

## About The Property

The Chaise house plan is a Craftsman style elevation complete with a large rocking chair front porch. This two story home provides 1496 square feet of living space and is an excellent home for a small family, empty nesters or would make a perfect vacation home. This home would also be ideal for the single individual who enjoys company and could use the additional bedrooms to accommodate visitors.

- > 3 Bedrooms
- > 2.5 Bathrooms
- > Master Suite with Tray Ceilings
- > Fireplace
